

## **SEVENTH GRADE INFORMATION & DISCIPLINE PLAN**

*In order to experience success in seventh grade this year, your cooperation is essential. In addition, the following items should be noted.*

- 7<sup>th</sup> grade students must be responsible for proper use of their time and necessary materials. However, students will be allowed to leave **one class once per day** to use restroom or go to locker in addition to their normal passing time and lunch hour. Students must have their assignment notebook with them for this purpose. An extra trip to the locker in any class will result in two minutes after class.
- Students should be in their seats and quietly working on the warm-up activity before the bell rings for each class. If not, they are considered tardy.
- The bell at the end of the period does not dismiss students. The teacher will dismiss students.
